Brochures rétro de
la Fiat 500

Tout a commencé en juillet 1899, lors de la création de la Fabbrica Italiana Automobili Torino, le premier constructeur automobile italien. En l'an 1900, 24 voitures Fiat 3½ HP, construites par 150 personnes seulement, avaient quitté la chaîne d'assemblage. Fiat allait bientôt diversifier sa production en construisant des locomotives mais aussi des tracteurs agricoles. Pourtant, la véritable passion de l'entreprise sera toujours l'automobile. Tout au long de ses 120 ans d'histoire, Fiat a continué d'incarner la vision première de ses fondateurs, à savoir la « mobilité démocratique ».

2015 - aujourd'hui
FIAT 500

Lancée en 1957, l'émblématique 500 (qui se prononce Cinquecento en italien) était une voiture à la fois pratique et bon marché. Cette berline à deux portes et quatre places était un véhicule compact et peu coûteux de 2,97 m de long seulement. Elle était propulsée par un moteur à deux cylindres de 479 cm³, monté à l'arrière et refroidi à l'air. De par la taille réduite de ses composants, ce modèle d'une grande ingéniosité était une véritable innovation technologique, mais c'était aussi une voiture au style moderne et intemporel.

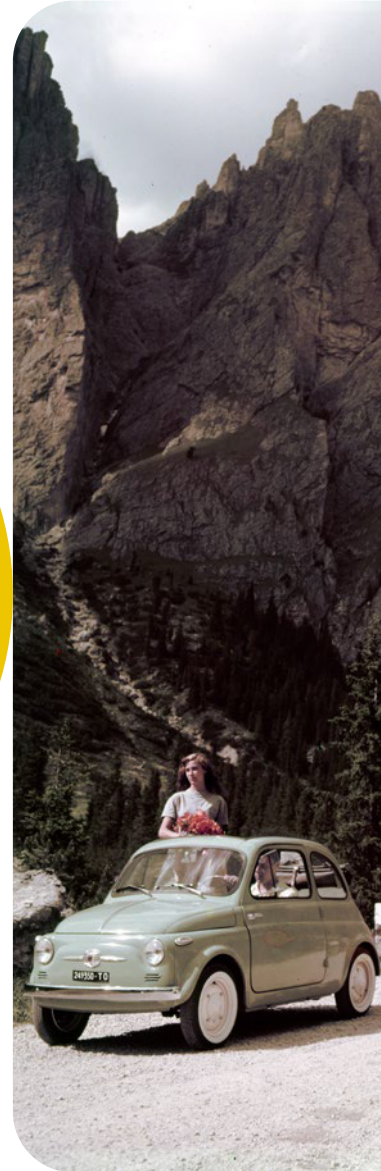

LA DOLCE VITA

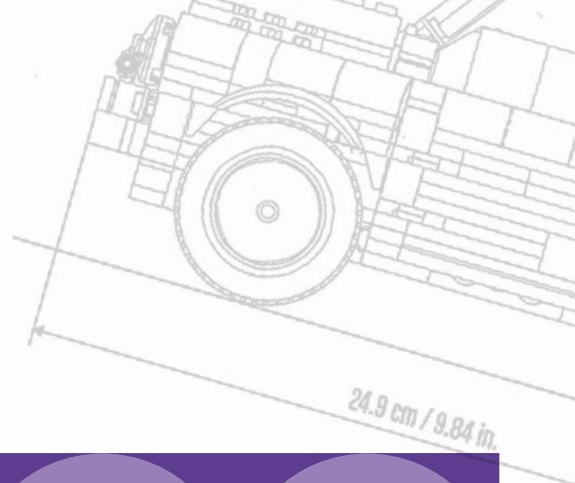

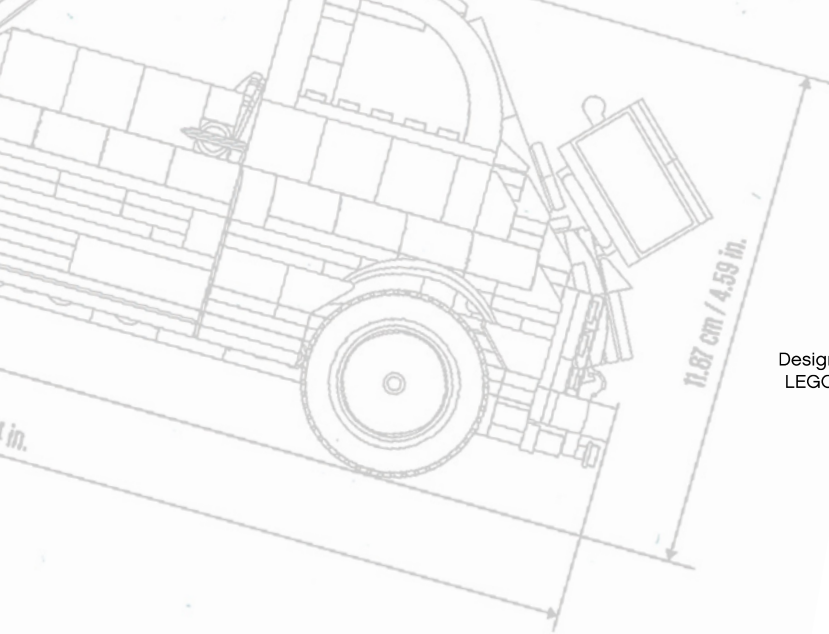

À son lancement, la Fiat 500 était fidèle aux valeurs de l'époque, et notamment à celles de l'Italie du milieu des années 1950, qui connaissait un boom économique et une renaissance culturelle. La 500 est très vite devenue l'icône d'une génération déterminée à profiter de la « dolce vita ».

Le défi

Pierre Normandin

Designer senior LEGO®
LEGO Creator Expert.

Les courbes

« Lors de la création de ce modèle, le plus grand défi était probablement de reproduire la taille compacte et les courbes de la 500. Chaque jour, nous apportons des changements à notre modèle, jusqu'à ce que nous arrivions à quelque chose de proche de ce que nous avions en tête. Je suis plutôt satisfait du rendu de la voiture, mais mes éléments préférés sont les détails intérieurs, le hayon et les portes. Nous avons emmené une première version du modèle à Turin, en Italie. C'était incroyable d'entendre le point de vue des concepteurs de Fiat et de voir à quel point ils étaient passionnés par la 500 et son héritage. »

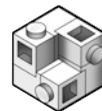

La couleur

« Bien que ce jaune ne figure pas parmi les couleurs officielles de la Fiat 500, nous l'avons choisi pour plusieurs raisons, et en particulier parce que nous souhaitions une couleur vive qui symbolise la "dolce vita", un concept auquel la 500 est souvent associée. Par ailleurs, c'est une couleur que l'on voit rarement dans les modèles LEGO®. Nous savions donc que nos fans seraient contents d'obtenir des éléments LEGO dans ce coloris rare. »

CREATOR™

EXPERT

Ce sont les petits détails qui font la différence dans les modèles LEGO® Creator Expert. Ce modèle Fiat 500 F comporte de nombreuses fonctionnalités et caractéristiques réalistes dont le but est de reproduire au mieux l'esprit de ce véhicule emblématique.

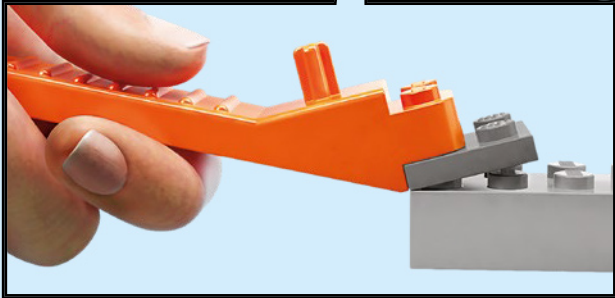

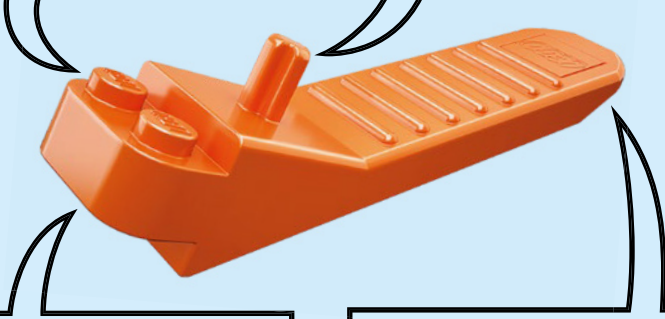

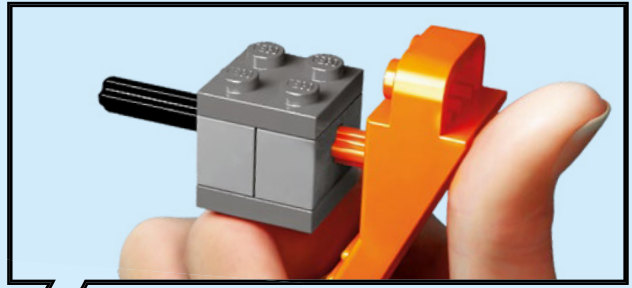

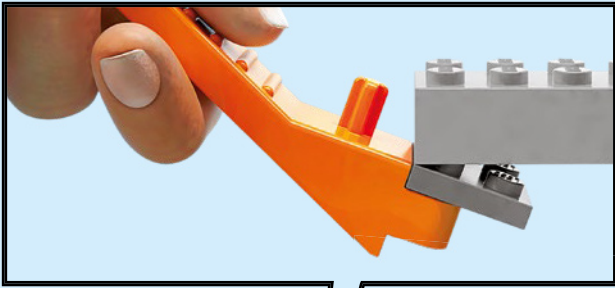

500

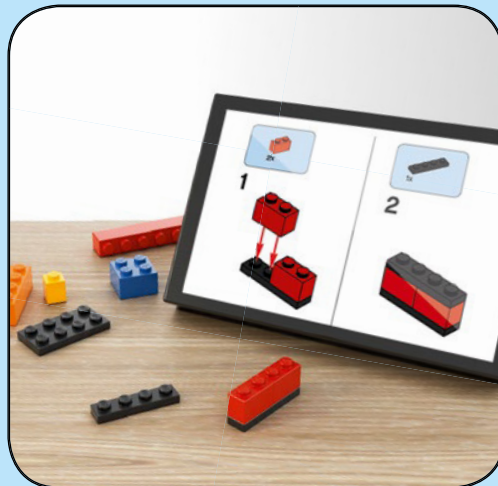

La série 500 originale a été produite de 1957 à 1975 et, malgré sa petite taille, cette voiture a rencontré un énorme succès. 50 ans après la présentation de la première 500, Fiat a lancé une toute nouvelle 500 de style rétro pour faire entrer cette icône dans une nouvelle ère.
