

Real Madrid Stade Santiago Bernabéu

Livret 1

HALA MADRID !

Désigné par la FIFA comme « le meilleur et le plus performant des clubs de football du XX^e siècle », le Real Madrid Club de Fútbol compte également 600 millions de supporters passionnés à travers le monde et représente l'un des noms les plus célèbres de l'univers du foot. Fondé en 1902 et situé au cœur de la capitale espagnole, le Real Madrid continue d'être détenu et exploité par ses 90 000 *socios* (membres).

Le stade du club, le Santiago Bernabéu, affiche une capacité de 81 044 spectateurs et a été le théâtre de bon nombre des victoires légendaires de *Los Blancos* (les Blancs), ainsi que d'une multitude d'autres finales de l'UEFA et de la FIFA. Quelle meilleure occasion que le 120^e anniversaire du club pour présenter la version LEGO® de ce temple mythique du football ? Bonne construction.

La construction d'une légende

Lorsque Santiago Bernabéu a été élu président du club en 1943, il rêvait de construire un stade ultramoderne pouvant accueillir 100 000 supporters. Bien que jugé trop ambitieux, voire « pharaonique », par certains, le projet n'a pas été abandonné et le nouveau stade Chamartín a été inauguré en décembre 1947, après trois ans de construction. Le stade comptait parmi les terrains les plus modernes au monde et a connu quelques-uns des moments les plus grandioses de l'histoire du Real Madrid. En 1955, le club a décidé de saluer la vision de Santiago Bernabéu en renommant le stade en son honneur.

Brochures distribuées aux membres
et au conseil d'administration

« Madrid,
Madrid,
Madrid.
HALA MADRID !
Et rien d'autre,
Et rien d'autre,
HALA MADRID ! »

*Chant entonné par les supporters
du Real Madrid*

L'histoire d'un succès

Modèle du projet du nouveau stade Chamartín.

Le nom officiel était « Campo del Real Madrid Fútbol Club », mais les fans l'appelaient « Chamartín ».

Le club est rebaptisé Real Madrid après avoir reçu le titre royal du roi Alfonso XIII.

1902

Le club de football de Madrid est créé le 6 mars 1902. Le jeu se pratique sur un terrain près de l'ancienne arène de la ville et la taverne locale tient lieu de vestiaires.

1920

1924

En 1924, le club construit l'ancien Chamartín, un terrain de sport historique d'une capacité de 15 000 spectateurs.

1932

Le Real Madrid décroche son premier titre national après la création de la ligue de sport professionnel La Liga en 1929.

1939

L'ancien stade Chamartín, d'une capacité de 25 000 places, rouvre après des travaux de rénovation.

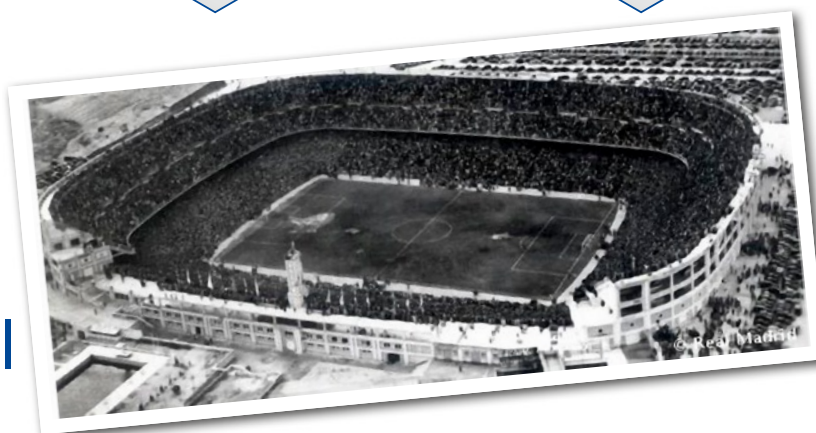

Santiago Bernabéu lançant la construction du nouveau stade Chamartín.

1943

L'ancien joueur Santiago Bernabéu est élu président du club.

Vue imprenable sur le nouveau stade Chamartín un jour de match.

1947

Le nouveau stade Chamartín est inauguré avec une victoire 3-1 contre le Belenenses du Portugal.

Sabino Barinaga marque le premier but de l'histoire du stade lors de son match d'inauguration contre le Belenenses.

1952

La construction débute lors de la seconde phase d'agrandissement du stade visant à faire passer sa capacité à 125 000 spectateurs.

1955

Les membres du club décident à l'unanimité de renommer le stade Estadio Santiago Bernabéu.

Le Real Madrid remporte la Coupe d'Europe dans son propre stade après une victoire 2-0 contre la Fiorentina.

1957

Le nouvel éclairage fait du Bernabéu le stade le mieux éclairé d'Europe.

1957

1960

Le Real Madrid gagne 5-1 contre le club argentin Peñarol lors de la finale de la Coupe intercontinentale.

1969

Inauguration de l'éclairage extérieur du stade.

1972

Le 25^e anniversaire du stade est célébré avec l'installation d'un tableau d'affichage électronique, une première pour un club espagnol.

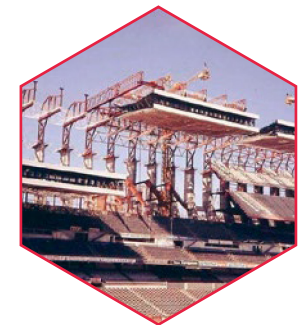

1980

La rénovation du stade démarre en prévision de la Coupe du monde de 1982. Une couverture en métal couvre 75 % des tribunes, tandis que la capacité est réduite à 98 776 spectateurs.

Le stade Bernabéu accueille la finale de Coupe du monde opposant l'Allemagne à l'Italie, un match sensationnel qui sera gagné 3-1 par les Italiens, ainsi sacrés champions du monde.

1982

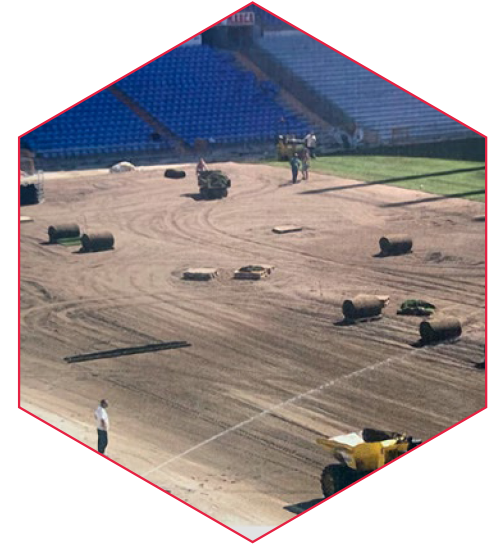

1992

Les travaux de rénovation débutent afin de moderniser le stade. La couverture de 1982 est surélevée de façon à ajouter 20 000 nouveaux sièges.

Le Real Madrid fête le 50^e anniversaire du stade en remportant le championnat national.

1997

Une nouvelle surface mixte est installée, associant du gazon naturel à 17 millions de fibres synthétiques.

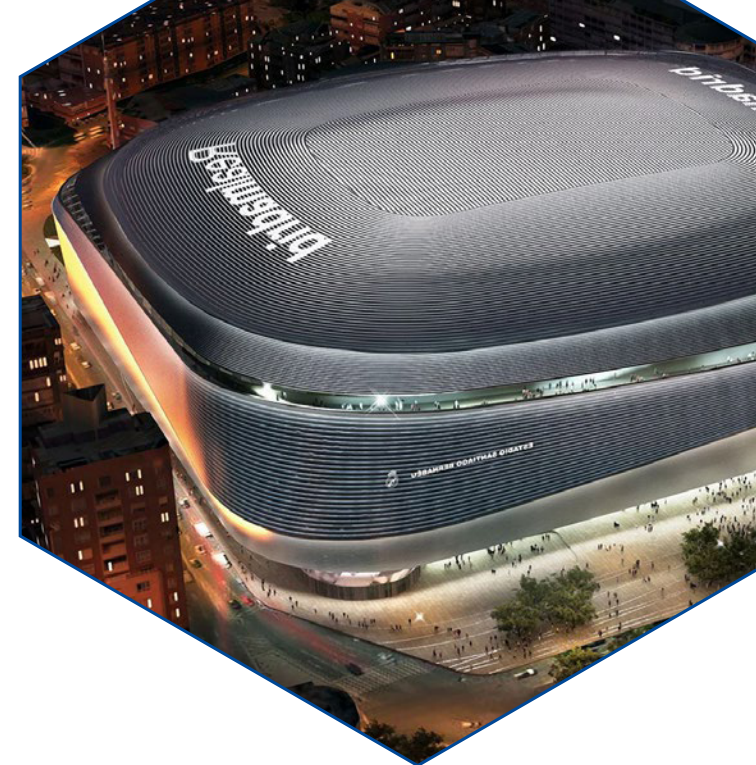

2002

Célébration du titre national 1996-97 au stade Santiago Bernabéu.

« Un décor rempli d'émotions qui façonnera l'avenir du Real Madrid, le meilleur stade au monde. »

Florentino Pérez, président du club

L'UEFA attribue au stade Santiago Bernabéu le statut Élite, ce qui correspond à la plus haute catégorie possible et lui impose de continuer à accueillir les grandes finales.

La finale de la Ligue des champions opposant l'Inter Milan au Bayern de Munich se tient dans le stade et se conclut par la victoire des Italiens 2-0.

2007

2010

2018

2020

Fait historique, la finale de la Copa Libertadores est organisée pour la toute première fois en dehors du continent américain. River Plate l'emporte 3-1 sur Boca Juniors.

Les travaux de rénovation complète du Bernabéu commencent. Il prévoit l'augmentation de la hauteur du stade de 10 mètres et l'ajout d'un toit rétractable.

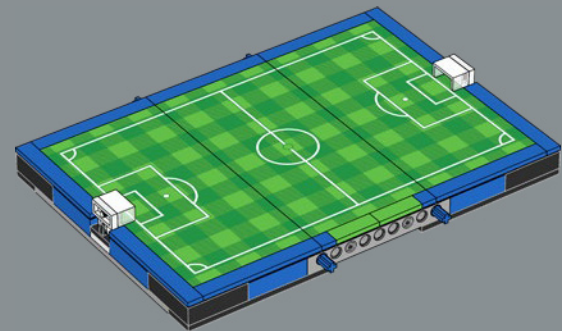

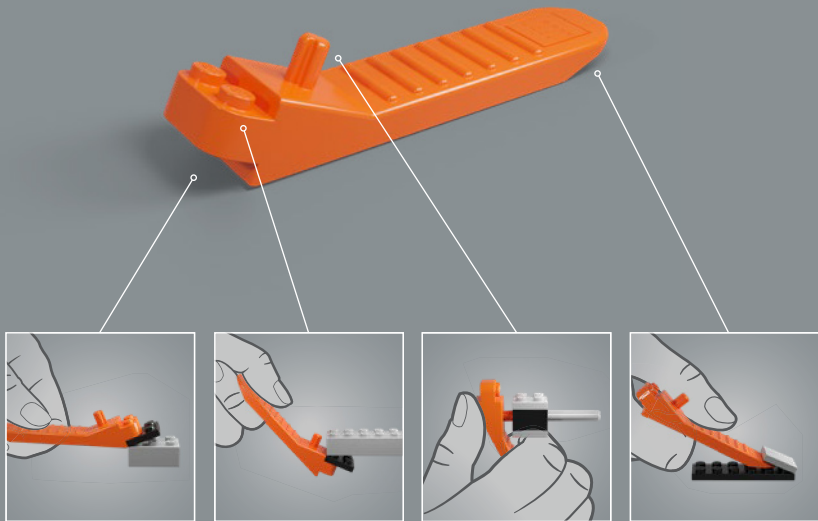

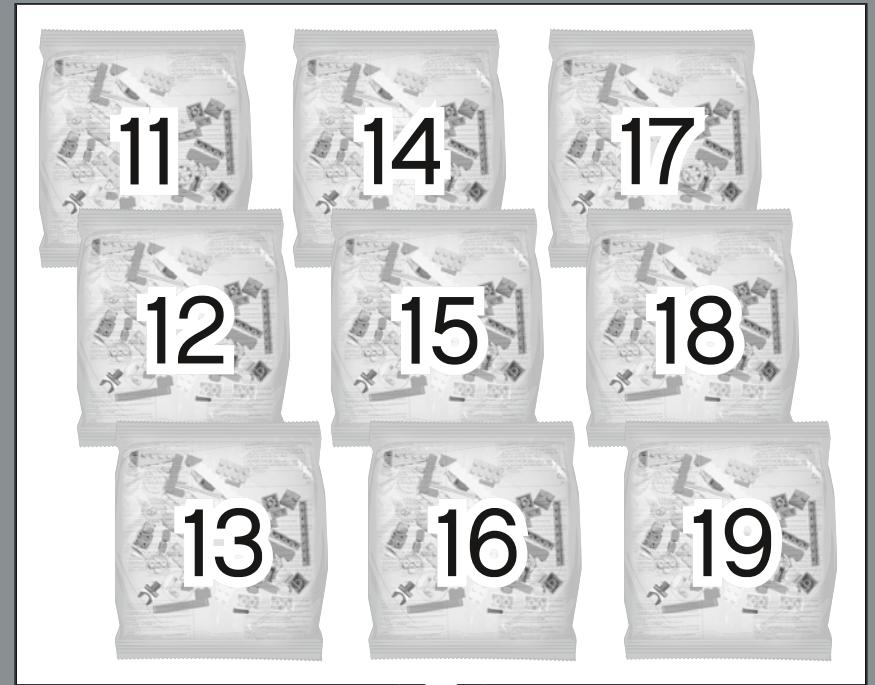

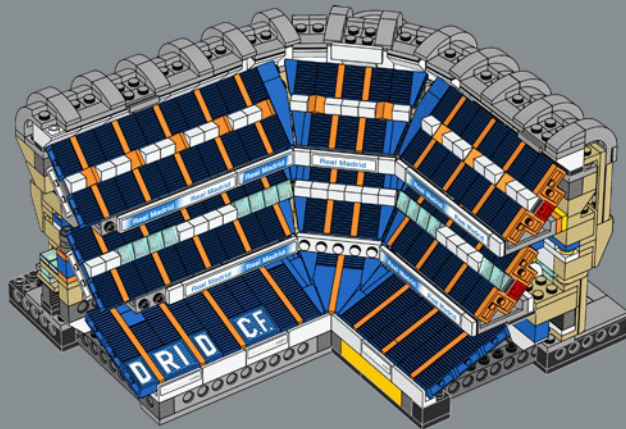

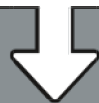

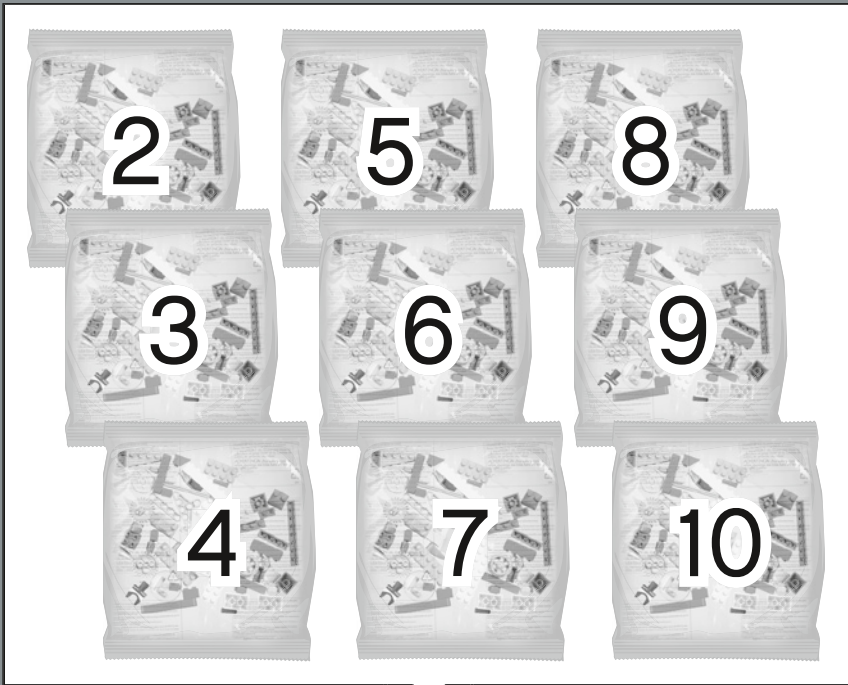

Les mots de l'équipe de design

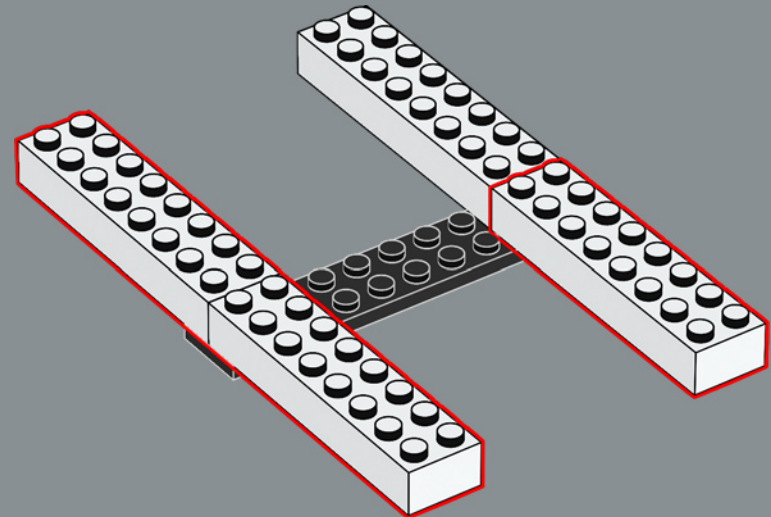

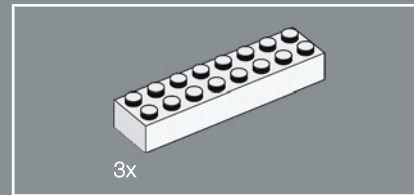

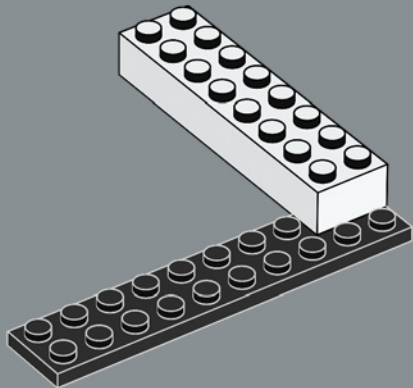

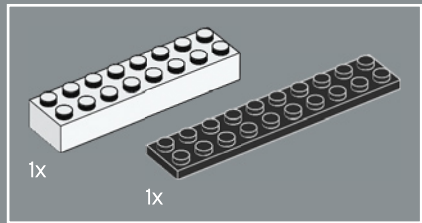

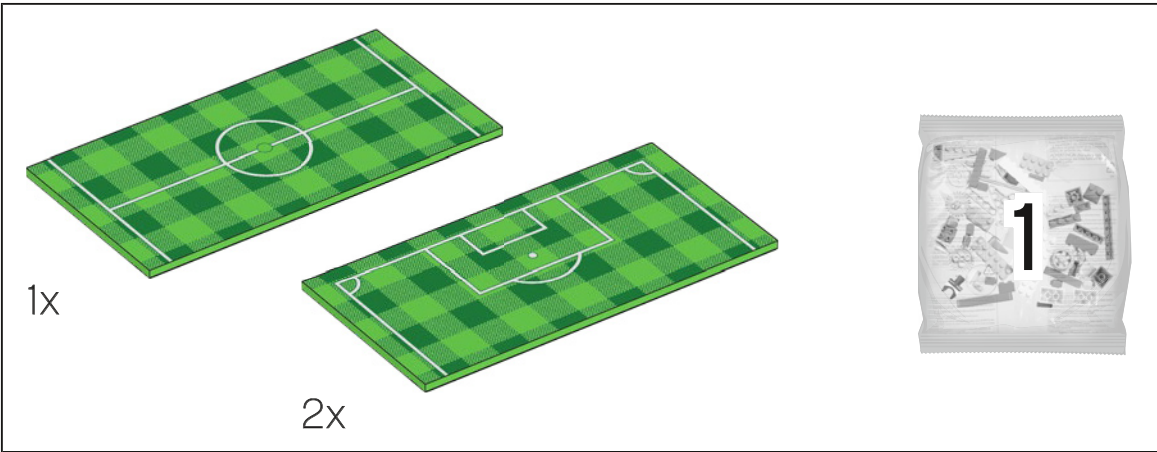

L'une des étapes les plus exaltantes de la création de ce modèle a été de retracer l'histoire de l'Estadio Santiago Bernabéu. Le stade est rempli de vestiges invisibles du passé. Lorsque vous construisez la première rangée de sièges, vous remontez le temps jusqu'au stade des années 1940. La galerie renvoie aux années 1950 et le toit aux années 1980, décennie au cours de laquelle le stade a accueilli la Coupe du monde. Le bâtiment tout entier est rempli des souvenirs des fans, de l'excitation ressentie et des larmes versées lors des matchs joués sur ce terrain depuis 75 ans.

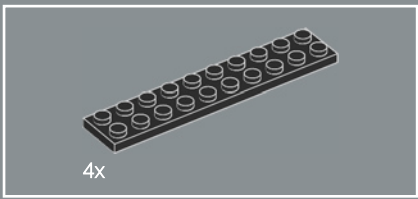

Milan Madge, designer LEGO®.
