

1

Es war einmal ...

Es war einmal eine große Ritterburg. Dort gab es wackere Ritter, Pferde, Könige, Königinnen und Turniere. Und jeden Tag viele neue Abenteuer.

So lautete damals die Einleitung der Produktbeschreibung im LEGO® Katalog, als das

heute legendäre Set 375 aus der Themenwelt „Castle“ im Jahr 1978 herauskam. Heute wird das Modell gern als die „gelbe“ oder die „ursprüngliche“ Ritterburg bezeichnet. Das war der Auftakt für unzählige Abenteuer im Mittelalter, die ohne Unterbrechung bis

1999 fortgesetzt wurden. Zur Feier des 90-jährigen LEGO Jubiläums möchten wir diese beliebte Themenwelt mit der neuen „Burg der Löwenritter“ würdigen, der das klassische Set „King's Castle“ (6080) aus dem Jahr 1984 als Vorbild diente.

1978

375 Castle

Die Ritterburg, mit der alles begann! Die markanten gelben Mauern dieser Ritterburg waren mit Scharnieren versehen, um mehrere Konfigurationen zu ermöglichen und besser in der Burg spielen zu können. Die gelben Mauern wurden rasch von realistischeren grauen Mauern abgelöst. Die Mauerkonstruktion mit Scharnieren ist auch heute noch in vielen LEGO Ritterburgen zu sehen. Die Pferde aus LEGO Steinen und der klassische Astronautenhelm mit neuem Visier für die Ritter waren nur einige der Kuriositäten in diesem Set.

1984

6080 King's Castle

1986

6074 Black Falcon's Fortress

1987

6066 Camouflaged Outpost

Das Geheimversteck der Waldbewohner! Eine uralte Eiche hat ihre Wurzeln um einen riesigen Felsbrocken geschlungen. Doch das Modell birgt auch ein Geheimnis! Eine drehbare Geheimtür in dem Felsbrocken gewährt den Waldbewohnern Zutritt zur Höhle. Und die Rückseite lässt sich aufklappen, um in der Hohle spielen zu können. Das Set beinhaltet neben dem rätselhaften Anführer noch 5 weitere Waldbewohner.

1992

6086 Black Knight's Castle

Der Inbegriff einer klassischen Ritterburg! Diese imposante Festung wurde auf einer erhöhten Bauplatte errichtet, um unter dem Burghof Platz für ein Verlies zu schaffen. Auch in diesem Modell sind wieder eine funktionierende Zugbrücke und ein Fallgitter vorhanden. Außerdem lässt die Geheimtür auf der Rückseite die Ritter schnell entkommen oder zu nächtlichen Abenteuern aufbrechen. Im Black Knight's Castle lebten 4 Ritter in ihren Rüstungen und mit ihren Pferden, 6 Landsknechte, ein „Wolfpack Renegade“ und sogar ein Geist!

10193 Medieval Market Village

Medieval Market Village heißt eines der wenigen Sets, die das Leben hinter den Burgmauern darstellen. Das Set besteht aus zwei detailreichen Fachwerkhäusern, einem Wasserrad, das den Schiedehammer bewegt, Landsknechten, Ställen, einem Pferdewagen und sogar zwei Kühen!

Ein neuer Klassiker unter den Ritterburgen

Es ist immer heikel, eine überaus beliebte LEGO® Themenwelt wieder aufleben zu lassen und neu zu interpretieren. Doch unsere neue „Burg der Löwenritter“ ist nicht nur ein komplexeres LEGO Bauprojekt, sondern spiegelt auch den Geist der ursprünglichen Ritterburgen wie des Sets King's Castle (6080) wider. Das Ergebnis ist ein Modell voller spannender Funktionen.

Zunächst haben wir den Hauptturm auf eine große LEGO Felsformation gesetzt, um das Modell größer erscheinen zu lassen. Dadurch war es dann auch möglich, verborgene Räume und dunkle Verliese unter der Burg zu erschaffen. Die Mauern sind beweglich, und das Modell lässt sich zerteilen, um besser in der Burg spielen zu können. In der aufgeklappten Burg kann man viele Falltüren, Geheimgänge und Verstecke entdecken.

2022

In dieser neuen Version einer klassischen Ritterburg kommen moderne Bautechniken zum Tragen. Und mit vielen spannenden Funktionen würdigen wir unsere ursprünglichen Ritterburgen.

Im Jahr 2022 feiern wir 90 Jahre LEGO Spielspaß. Aus diesem Anlass haben wir die Fans abstimmen lassen, welche klassischen Themenwelten wir mit einem besonderen Jubiläumsset wieder aufleben lassen sollten. Zehntausende Fans haben an der Umfrage teilgenommen, und die Themenwelt Classic Castle war einer der klaren Gewinner!

90 years of play

LEGO YELLOW CASTLE, 1978

Anmerkungen des Designteams

Als die LEGO® Designer Mike Psiaki und Milan Madge noch Kinder waren, zählten die klassischen Ritterburgen immer zu ihren Lieblingsthemenwelten. Deshalb hatten die beiden auch immer davon geträumt, an einer großen LEGO Ritterburg zusammenarbeiten zu dürfen. Mike beschreibt, wie sich das Modell entwickelt hat:

Das Modell ging aus einer Abstimmung hervor, die aus Anlass des 90-jährigen LEGO Jubiläums im Jahr 2022 durchgeführt wurde. Wir haben dann versucht, möglichst viele beliebte frühere Ritterburgen zu einem ultimativen neuen Burgenmodell zu vereinen. Wir haben lange daran getüftelt, welche Form und Größe die Burg haben sollte. Wir haben zunächst kleine Mauersegmente, Fachwerkture und Zugbrücken gebaut. Dann haben wir mit verschiedenen Funktionen und ästhetischen Elementen herumexperimentiert, um herauszufinden, was gut funktionieren würde. Schon sehr früh entdeckte Milan eine Zugbrücke, die nicht mit den sonst üblichen vorne angebrachten Ketten bewegt wurde, sondern mithilfe eines Gegengewichts an der Rückseite. Wir wussten sofort, dass wir diese Zugbrücke irgendwo in der Burg unterbringen wollten. Doch erst ziemlich spät in der Entwicklung wurde sie zum Haupttor.

Der LEGO Graphic Designer Ashwin Visser hatte wesentlichen Anteil daran, der Burg mit unzähligen kleinen Details und Facetten den letzten Feinschliff zu verleihen. Hierzu zählten auch die Überarbeitung des grafischen Designs der Löwenritter, die Gestaltung neuer Flaggen und Wappen für die Burgmauern und Zinnen und der Entwurf der Schabracken in Blau und Rot für die beiden Pferde. Der neue Umhang und das Wappen für die Burgherrin waren das Tüpfelchen auf dem i.

1984

2022

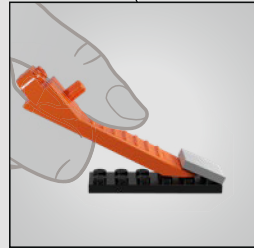

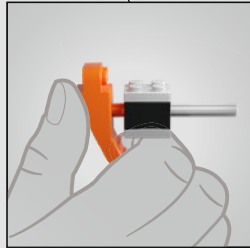

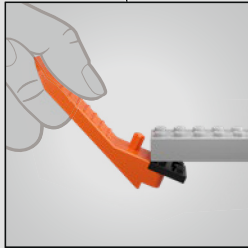

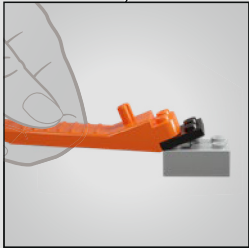

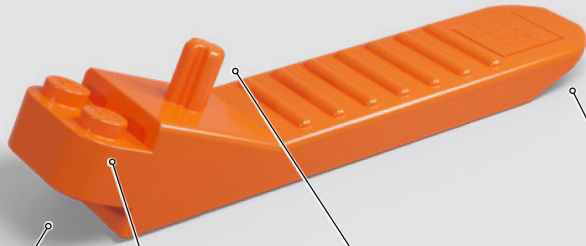

Erkennst du die Unterschiede?

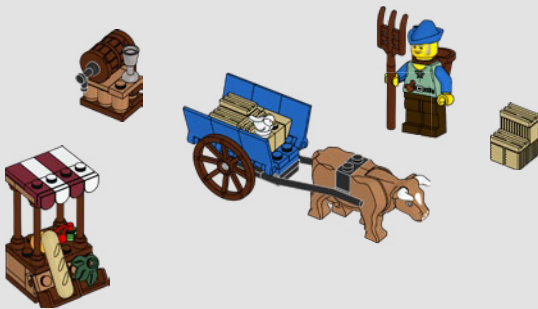

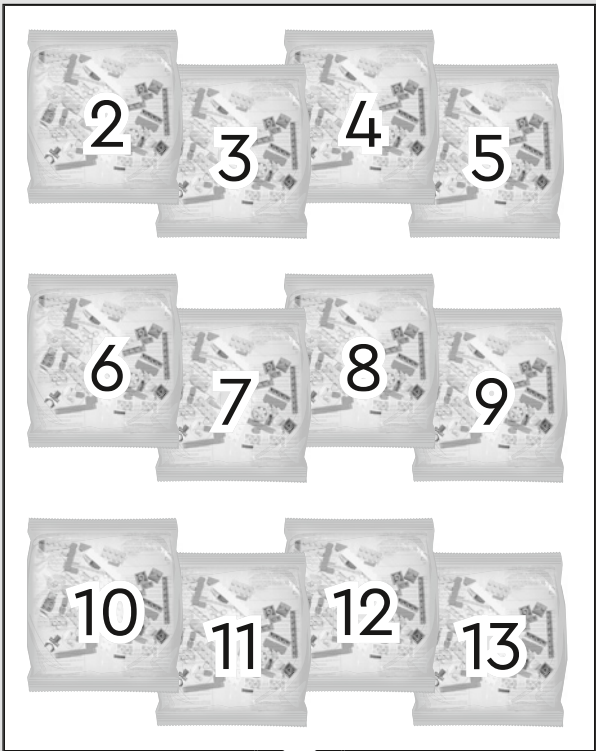

Das klassische Design der LEGO Löwenritter bedurfte einer Auffrischung, um besser zu den Schwarzfalkenrittern aus dem neueren Set „Schmiede“ (21325) zu passen. Der Entwurf des neuen Wappens der Löwenritter war besonders knifflig, denn die Fans kennen und lieben ja dieses legendäre Symbol. Deshalb musste das neue Wappen unbedingt immer noch zu erkennen sein.
