Este lugar está repleto de objetos con valor histórico para la Tierra Media, desde el trono de Elrond y su estudio lleno de artefactos y pinturas hasta los fragmentos de la espada Narsil.

Boromir features a new sword design to represent the Sword of Gondor and his trusty round battle shield.

The triangles for this upper part are a technique we call Pythagorean pairs, where two dissimilar triangles share the same length hypotenuse.

Les triangles de cette partie supérieure sont répartis selon une technique appelée les paires pythagoriciennes, où deux triangles différents partagent la même hypoténuse.

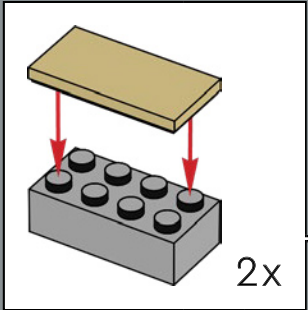

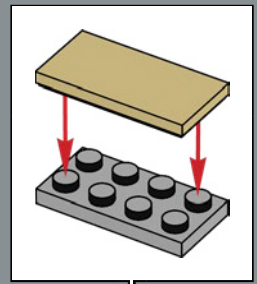

Los triángulos de la parte superior se forman mediante una técnica que llamamos *pares pitagóricos*, donde dos triángulos desiguales comparten una hipotenusa de la misma longitud.
