# TE DAMOS LA BIENVENIDA

A LEGO® ART

● Art Project is a playful work of art you can create with your family, friends and loved ones – up to 9 artists at a time. Inspired by the traditional patchwork process of joining patches of fabric into one masterpiece, it lets you choose from 36 different pictogram designs and celebrate your passions in one unique creation.

● Ce projet d'art est une œuvre d'art ludique que vous pouvez créer en famille, entre amis et avec vos proches – jusqu'à 9 artistes à la fois. Inspiré par le processus traditionnel de la courtépointe, qui consiste à lier ensemble des morceaux de tissus pour former un chef-d'œuvre, il vous permet de choisir parmi 36 pictogrammes différents et de célébrer vos passions à travers une création unique.

● Proyecto de Arte es una pieza decorativa que puedes construir con tus familiares, amigos y seres queridos: ¡pueden colaborar hasta 9 artistas a la vez! Inspirado por la tradicional técnica de unir retazos de tela para conformar un magistral mosaico, este set te permite elegir entre 36 diseños diferentes de pictogramas y celebrar tus pasiones en una singular creación.

## Minifigure

● Sélectionnez un thème que tout le monde peut construire – des aliments, des icônes, des motifs ou des passions – ou créez un mélange de plusieurs thèmes. Vous pouvez choisir un pictogramme par livret.

## Figurine

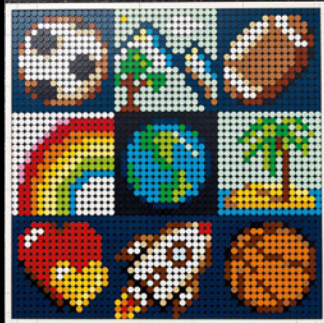

Vous voulez une seule grande image ? Construisez le portrait de l'emblématique figurine LEGO®.

● Puedes decidirte por un tema central (comida, íconos, patrones o pasiones) en torno al que cada participante construirá su parte u optar por crear una mezcla de tantos temas como quieras. Es posible elegir un diseño de pictograma de cada folleto.

## Patchwork or Minifigure?

● Whether you choose to build pictogram designs or the minifigure portrait together, you will find instructions for each plate in the building instructions booklets.

### 1 plate, 1 booklet

Each artist chooses ONE pictogram design from their booklet. Pick your favorite theme – Food, Patterns, Icons, or Passions – or build each part of the minifigure portrait.

Once you have built one plate from a booklet, choose another plate from another booklet to create. When all 9 plates are ready, go to page 22 in this booklet to see how you complete your masterpiece.

## Mosaïque ou figurine ?

● Que vous choisissiez de construire les pictogrammes ou le portrait de la figurine, vous trouverez les instructions de montage pour chaque plaque dans les livrets d'instructions de montage.

### 1 plaque, 1 livret

Chaque artiste choisit UN pictogramme dans son livret. Choisissez votre thème préféré – les aliments, les motifs, les icônes ou les passions – ou construisez chaque partie du portrait de la figurine.

Une fois que vous avez construit une plaque d'un livret, créez une plaque d'un autre livret. Une fois les 9 plaques prêtes, rendez-vous à la page 22 de ce livret pour savoir comment terminer votre chef-d'œuvre.

## ¿Mosaico o minifigura?

● Ya sea que elijas construir diseños de pictogramas o el retrato de la minifigura, encontrarás las indicaciones para crear cada placa en los folletos de instrucciones de construcción.

### 1 placa, 1 folleto

Cada artista elige UN diseño de pictograma de su folleto. Elige tu tema favorito (comida, patrones, íconos o pasiones) o crea las partes del retrato de la minifigura.

Una vez que hayas construido una placa siguiendo el diseño de un folleto, escoge otra placa de otro folleto y pon manos a la obra. Cuando las 9 placas estén listas, echa un vistazo a la página 22 de este folleto para aprender a completar tu obra maestra.

## Build your color palette

● Find the small bag with the black brick separator, mini crowbars, connector pins and tiles for your color palette. The color palette helps everyone keep track of tile colors and numbers.

## Construisez votre palette de couleurs

● Trouvez le petit sac avec le séparateur de briques noir, les petits pieds-de-biche, les fiches de raccord et les tuiles pour votre palette de couleurs. La palette de couleurs aide tout le monde à organiser les couleurs et les nombres des tuiles.

## Construye tu paleta de colores

● Busca la bolsa pequeña que contiene el separador de bricks negro, las minipalancas, los conectores y las cubiertas para la paleta de colores. La paleta de colores sirve para que todos estén al tanto de los colores y los números de las cubiertas.

● Sort all the colorful tiles into small bowls. If you're building with younger artists, it may be helpful to put sticky notes with numbers on the bowls, too.

● Séparez les tuiles colorées dans de petits bols. Si vous construisez avec de jeunes artistes, il peut être utile d'identifier chaque bol avec un nombre à l'aide d'un papillon adhésif.

● Organiza las cubiertas de colores en tazones pequeños. Si estás construyendo en compañía de artistas pequeños, también puede resultar útil colocar notas adhesivas con números en los tazones.
