We're making our packaging more sustainable

We're transitioning from single-use plastic to paper-based packaging. As we progress, you may find a mix of paper and plastic in our boxes.

Nous rendons nos emballages plus durables

Nous passons des emballages en plastique à usage unique aux emballages à base de papier. Durant la transition, vous pourriez trouver un mélange de papier et de plastique dans nos boîtes.

Queremos hacer más sustentables nuestros materiales de embalaje

Estamos cambiando las bolsas de plástico desechables por bolsas con base de papel. Conforme avanzamos en este propósito, puedes encontrar una mezcla de papel y de plástico en nuestras cajas.

For the love of play

Since its invention hundreds of years ago, soccer has evolved to become a beloved sport by millions across the world. When we cheer on our kids' soccer league or favorite champions or play for fun with friends, the playfulness and the strength in team spirit connects us. We're united by our love of the game – a universal game which transcends borders, beliefs or backgrounds. It's up to us, and future generations, to keep the inclusive spirit of the game alive and build new traditions. Players and fans should have each other's backs on and off the field. They can use their platforms to create awareness of important issues and kick off change. Heroic players, collective experiences, memorable matches and epic victories have become global inspirations and cultural treasures.

It's no surprise that table football has become such a popular social bonding activity, too. Even those of us who don't understand what 'offside' is, can be part of the action. It may be a miniature version of its original human-sized game, but the entertainment factor is enormous.

Pour l'amour du jeu

Depuis son invention il y a des centaines d'années, le soccer a évolué pour devenir un sport apprécié par des millions de personnes à travers le monde. Lorsque nous encourageons la ligue de soccer de nos enfants ou nos champions préférés, ou que nous jouons pour le plaisir avec nos amis, le caractère ludique et la force de l'esprit d'équipe nous rapprochent. Nous sommes unis par notre amour du jeu, un jeu universel qui transcende les frontières, les croyances et les origines. C'est à nous, et aux générations futures, de maintenir l'esprit d'inclusion du jeu et de forger de nouvelles traditions. Les joueurs et les partisans doivent se soutenir mutuellement, sur le terrain comme en dehors. Ils peuvent utiliser leur plateforme pour sensibiliser le public à des questions importantes et donner le coup d'envoi du changement. Les joueurs héroïques, les expériences collectives, les matchs mémorables et les victoires épiques sont devenus des inspirations mondiales et des trésors culturels.

Il n'est pas surprenant que le soccer sur table soit devenu une activité sociale si populaire. Même ceux d'entre nous qui ne savent pas ce qu'est un « hors-jeu » peuvent participer à l'action. Il s'agit peut-être d'une version miniature du jeu à taille humaine original, mais le facteur de divertissement est énorme.

Por amor al juego

Desde su invención hace cientos de años, el fútbol ha evolucionado hasta llegar a ser el deporte preferido de millones de personas en todo el mundo. Cuando animamos en la liga de fútbol de nuestros hijos o a nuestros campeones favoritos, e incluso al jugar por diversión con amigos, la alegría y la fuerza del espíritu de equipo nos conectan. Nos une nuestro amor por el juego; un juego universal que trasciende fronteras, creencias y orígenes. Depende de nosotros, y de las generaciones futuras, mantener vivo el espíritu inclusivo del juego y construir nuevas tradiciones. Los jugadores y aficionados deben apoyarse dentro y fuera del campo. Pueden usar sus plataformas para concientizar sobre temas importantes y echar a andar el cambio. Los jugadores heroicos, las experiencias colectivas, los partidos memorables y las victorias legendarias se han convertido en fuentes de inspiración a nivel mundial, así como en tesoros culturales.

No es de extrañar que el futbolito sea también hoy día una actividad social tan popular. Incluso quienes no entendemos lo que es el fuera de lugar podemos participar en la acción. Puede que se trate de una versión en miniatura de su contrapartida original de tamaño humano, pero el factor de entretenimiento es incommensurable.

Every player is awesome

The origin of table football is a little unclear. A few different versions of the game may have been in circulation in Europe as early as the late 1800s. The first documented patent on record was filed by a passionate soccer fan in England in 1923, although several other inventors claimed credit during the 1930s. It wasn't until the 1950s and '60s, as other parts of the world began to discover the game, that kids and adults everywhere brought it into homes, offices, cafés and schools alike.

In our digital age, you might think traditional games would be outplayed or benched. But there is something about tangible gameplay that can't be replaced by pixels. The game is more than rivalry and competition. It's bigger than individual talent or skill, but about the collective joy of play and togetherness.

Table football comes in all manner of different sizes, materials, names and designs. Unlike actual soccer, table football does not have one internationally acknowledged set of rules, measurements or material requirements. Transfers are relatively rare. Contracts and championship prizes are not always lucrative. But the creative freedom you get with each table and game is priceless.

With 44 different minifigure heads and wigs, you can now create your own dream team. Invite others to play for a few minutes or hours on end, rebuild your game, make your own rules, cheat, or play fair – just have fun!

Chaque joueur est génial

L'origine du soccer sur table est un peu floue. Quelques versions différentes du jeu auraient été en circulation en Europe dès la fin des années 1800. Le premier brevet documenté a été déposé par un passionné de soccer en Angleterre en 1923, bien que plusieurs autres inventeurs ont revendiqué le mérite dans les années 1930. Ce n'est que dans les années 1950 et 1960, lorsque d'autres régions du monde ont commencé à découvrir ce jeu, que les enfants et les adultes l'ont fait entrer dans les maisons, les bureaux, les cafés et les écoles.

À notre ère numérique, on pourrait penser que les jeux traditionnels sont dépassés ou mis de côté. Mais il y a un aspect du jeu tangible qui ne peut pas être remplacé par des pixels. Le jeu va au-delà de la rivalité et de la compétition. Ce qui compte, ce n'est pas le talent ou les compétences individuelles, mais la joie collective du jeu et de la camaraderie.

Le soccer sur table présente une grande variété de tailles, de matériaux, de noms et de modèles. Contrairement au vrai soccer, le soccer sur table ne fait pas l'objet d'un ensemble de règles, de mesures ou d'exigences matérielles reconnues à l'échelle internationale. Les transferts sont relativement rares. Les contrats et les prix de championnat ne sont pas toujours lucratifs. Mais la liberté créative procurée par chaque table et chaque match n'a pas de prix.

Avec 44 têtes et perruques de figurines différentes, vous pouvez désormais créer votre propre équipe de rêve. Invitez des amis à jouer pour quelques minutes ou plusieurs heures, reconstruisez votre jeu, créez vos propres règles, trichez ou jouez franc-jeu – et surtout, amusez-vous !

Todos los jugadores son increíbles

El origen del futbolito no está muy claro. Es posible que algunas versiones distintas del juego circularan por Europa ya a finales del siglo XIX. La primera patente documentada de la que se tiene constancia fue presentada por un apasionado del fútbol inglés en 1923, aunque otros inventores también se atribuyeron el mérito durante la década de 1930. No fue sino hasta los años 50 y 60, cuando el juego se empezó a descubrir en otras partes del mundo, que los niños y los adultos de todos los rincones del planeta lo llevaron a sus hogares, oficinas, cafeterías y escuelas.

En nuestra era digital, podría parecer lógico que los juegos tradicionales acabaran siendo superados o relegados a un segundo plano. Pero hay algo en el juego tangible que no se puede sustituir por píxeles. El juego es más que rivalidad y competencia. Más allá del talento o la habilidad individual, lo que importa es la alegría colectiva de la victoria y la unión.

Los futbolitos se fabrican en todo tipo de tamaños y con todo tipo de materiales, se conocen por diferentes nombres y tienen diferentes diseños. A diferencia del fútbol real, el futbolito no tiene un conjunto de reglas, medidas o requisitos materiales reconocidos internacionalmente. Las transferencias son relativamente raras. Los contratos y los premios de los campeonatos no siempre son lucrativos. Pero la libertad creativa que se recibe con cada mesa y partido no tiene precio.

Con 44 cabezas de minifigura y pelucas distintas, ahora puedes crear tu propio *dream team*. Invita a otras personas a jugar por unos minutos o durante horas, reconstruye el juego, establece tus propias reglas, haz trampas o juega limpio. ¡Solo diviértete!

Meet the Fan Designer

Donát Fehérvári from Hungary (LEGO® Ideas nickname Constructions by Donat) is an avid sports fan, plays handball, likes fishing and designing LEGO models. His original fan model had room for 22 minifigure players. Although the field was scaled down for the final version, Donát and the LEGO Ideas designers kept all the players on the team and worked together to turn them into a group of fun, diverse characters you can mix and match. A solution that aligns perfectly with Donát's passion for customization:

"I have always loved turning my LEGO sets into other things. My grandfather gave me my first set when I was two. After that, I was addicted and wanted bigger and bigger models and soon started building my own creations. My uncle has a table football game that I enjoy playing, and I really like to build models with functions. I built the table digitally and created custom printed parts for decorations. I experimented with different color schemes and took a few attempts to get the size right for the minifigure players to move. I felt really lucky that the model not only won the fan vote but was also approved as an official set. I hope fans will really enjoy customizing the players and, of course, playing table football!"

Conoce al fan diseñador

Donát Fehérvári nació en Hungría (su apodo en LEGO® Ideas es Constructions by Donat), es un gran aficionado a los deportes, practica balonmano, le gusta pescar y diseña modelos LEGO. El modelo original que construyó como fan tenía espacio para 22 minifiguras de jugadores. Aunque el campo se redujo para la versión final, Donát y los diseñadores de LEGO Ideas mantuvieron a todos los jugadores del equipo y trabajaron juntos para transformarlos en un grupo de personajes divertidos y diversos que se pueden mezclar y combinar. La solución se ajusta perfectamente a la pasión de Donát por la personalización:

"Siempre me ha gustado convertir mis sets LEGO en otras cosas. Mi abuelo me regaló mi primer set cuando tenía dos años. Luego de eso me hice un verdadero fanático: solo quería modelos más y más grandes. Poco después empecé a construir mis propias creaciones. Mi tío tiene un futbolito con el que me encanta jugar, y me fascina construir modelos con funciones. Construí la mesa digitalmente y creé piezas estampadas personalizadas para adornarla. Experimenté con diferentes combinaciones de colores y me costó unos cuantos intentos ajustar las dimensiones para que las minifiguras pudieran moverse. Me sentí muy afortunado cuando supe que el modelo no solo había ganado la votación de los fans, sino que también iba a convertirse en un set oficial al haber sido aprobado. Espero que los aficionados disfruten mucho personalizando las minifiguras de los jugadores y, por supuesto, ¡jugando al futbolito!"

Rencontre avec le concepteur amateur

Donát Fehérvári, de la Hongrie (surnom LEGO® Ideas : Constructions by Donat), est un passionné de sport, joue au handball et aime pêcher et concevoir des modèles LEGO. Son modèle amateur original pouvait accueillir 22 figurines de joueurs. Bien que le terrain ait été réduit pour la version finale, Donát et les concepteurs de LEGO Ideas ont gardé tous les joueurs de l'équipe et ont travaillé ensemble pour les transformer en un groupe de personnages amusants et diversifiés que vous pouvez combiner. Une solution qui s'aligne parfaitement avec la passion de Donát pour la personnalisation :

« J'ai toujours aimé transformer mes ensembles LEGO en d'autres choses. Mon grand-père m'a offert mon premier ensemble quand j'avais deux ans. Ça m'a donné la piqûre : je voulais des modèles toujours plus grands, et j'ai rapidement commencé à construire mes propres créations. Mon oncle a un jeu de soccer sur table auquel j'aime jouer, et j'aime beaucoup construire des modèles avec des fonctions. J'ai construit la table numériquement et créé des pièces imprimées sur mesure pour les décorations. J'ai expérimenté différentes combinaisons de couleurs et j'ai fait quelques essais pour trouver la taille adéquate pour que les figurines des joueurs puissent bouger. Je me considère vraiment chanceux que le modèle ait non seulement remporté le vote des amateurs, mais qu'il ait également été approuvé comme ensemble officiel. J'espère que les amateurs prendront beaucoup de plaisir à personnaliser les joueurs et, bien sûr, à jouer au soccer sur table ! »

Meet the LEGO® Designers

"We loved the looks and design of Donát's original model. After thoroughly exploring options to keep it at the original scale, we decided to scale it down to create the best possible building experience and great stability while playing – without compromising the fun! We encourage everyone who wants to become a designer to try building different things and take on challenges in uncharted territory. This set is a perfect example. It really made us think outside the box. I got to try new building techniques and learned a lot in the process. It's great to watch people having fun playing with the model – I think that's the best part of the model."

Antica Bracarov, LEGO® Model Designer

"Working on the graphic elements and minifigure designs for this set was really fun. I love soccer and with this set, Donát really captures the spirit of both the actual game and table football. The customizable set of characters in this model makes it easy for everyone to see themselves represented in the set and create their own characters. 25 of the 44 minifigure heads are new, and you can find wigs in new colors, too. I love that they represent both men and women, different skin tones, hearing devices, vitiligo and much more!"

Kjeld Walther Sørensen, LEGO® Graphic Designer

Rencontre avec les concepteurs LEGO®

« Nous avons adoré l'aspect et la conception du modèle original de Donát. Après avoir longuement réfléchi à des solutions permettant de conserver l'échelle d'origine, nous avons décidé de réduire le modèle afin d'assurer une expérience de construction optimale et une bonne stabilité pendant le jeu – sans compromettre le plaisir ! Nous encourageons tous ceux qui veulent devenir concepteur à essayer de construire des choses différentes et à relever des défis en terrain inconnu. Cet ensemble en est un parfait exemple. Il nous a vraiment fait sortir des sentiers battus. J'ai pu essayer de nouvelles techniques de construction et en tirer de précieuses leçons. C'est génial de voir les gens s'amuser en jouant avec le modèle – je crois que c'est son meilleur atout. »

Antica Bracarov, conceptrice de modèle LEGO® Ideas

« J'ai vraiment aimé travailler sur les éléments graphiques et la conception des figurines pour cet ensemble. J'adore le soccer, et Donát a vraiment su capturer l'esprit du vrai jeu et du soccer sur table. Grâce aux personnages personnalisables de ce modèle, chacun peut facilement se voir représenté dans l'ensemble et créer ses propres personnages. 25 des 44 têtes de figurines sont des nouveautés, et vous trouverez également des perruques dans de nouvelles couleurs. J'adore le fait que l'ensemble présente des hommes et des femmes, des teintes de peau différentes, des appareils auditifs, le vitiligo et bien d'autres choses encore ! »

Conoce a los diseñadores de LEGO®

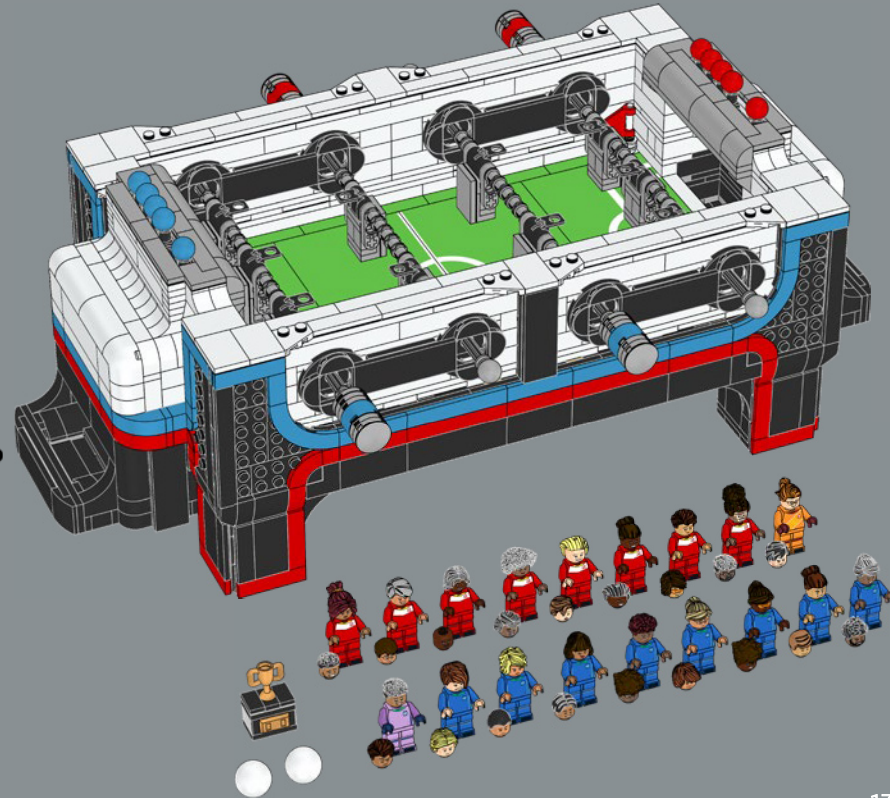

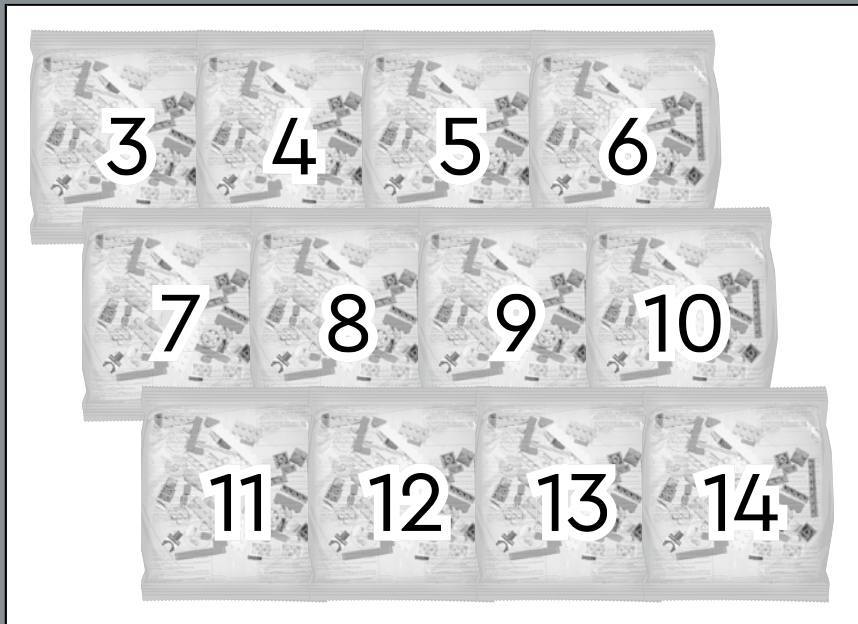

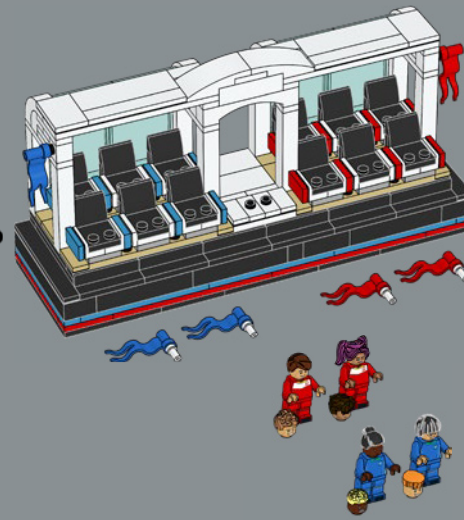

"Nos encantó el estilo y el diseño del modelo original de Donát. Después de explorar a fondo las opciones para mantener la escala original, decidimos reducir las dimensiones para ofrecer la mejor experiencia de construcción posible y la máxima estabilidad al jugar, ¡sin comprometer la diversión! Animamos a quienes quieran convertirse en diseñadores a que intenten construir cosas diferentes y enfrenten desafíos en territorios inexplorados. Este set es un ejemplo perfecto. Realmente nos hizo pensar fuera de la caja. Pude probar nuevas técnicas de construcción y aprendí mucho durante el proceso. Es genial ver cómo se divierte la gente jugando con el modelo. Creo que es la mejor parte".

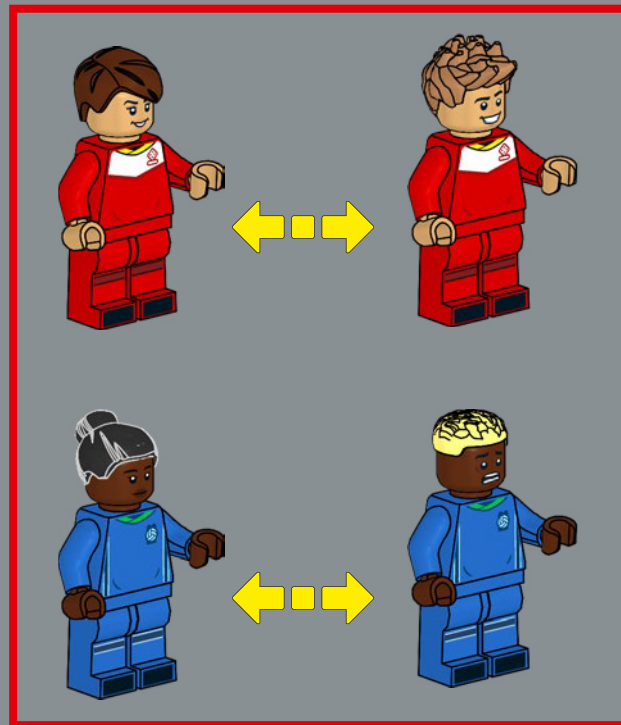

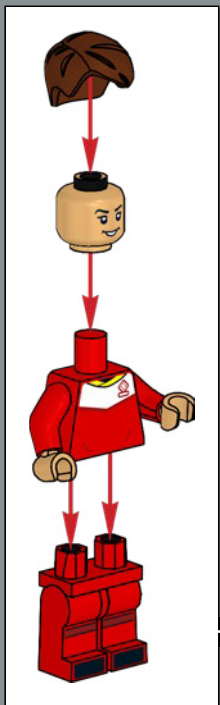

Antica Bracanov, modelista de LEGO®

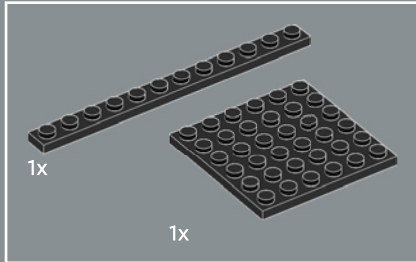

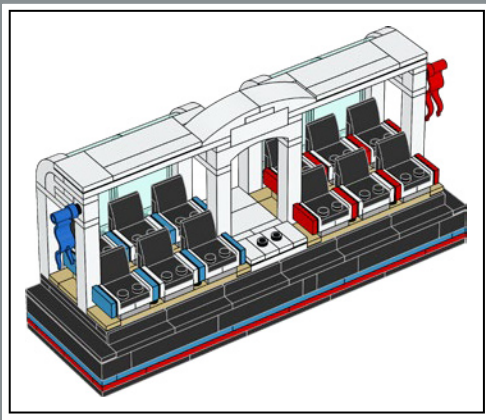

"Fue muy divertido trabajar en los elementos gráficos y el diseño de las minifiguras de este set. Me encanta el fútbol y considero que, con este set, Donát logró captar realmente el espíritu del juego real y del futbolito. El grupo de personajes personalizables del modelo permite que todo el mundo se vea representado en el set y facilita la creación de personajes propios. 25 de las 44 cabezas de minifigura son nuevas, y también hay pelucas de nuevos colores. ¡Me encanta que representen tanto a hombres como a mujeres y tengan diferentes tonos de piel, aparatos auditivos, vitiligo y muchas otras cosas!".
