## Meet LEGO® Ideas fan designer Ivan Guerrero

As kids, playing with LEGO® bricks and cardboard boxes let us journey to the frontiers of our imagination. My siblings and I had a lot of fun discovering new boxes to play with. It is a universal childhood experience, I think.

This set was inspired by my own childhood memories of building things with cardboard boxes – from trains and dioramas to robots and spaceships.

Sharing my memories with the LEGO team and being part of the design process made this experience unique and special, almost like sharing an old family album with everyone who builds this set.

From a very early age, I loved imaginative play with LEGO® bricks and discovering new ways to express my ideas. Every time I build, I learn something new. Just like an empty cardboard box, LEGO bricks come with infinite potential. Just add your own fun and imagination. It is no wonder that both LEGO bricks and cardboard boxes are recognized by the National Toy Hall of Fame® for their endless adaptability for creative play.

I believe it is important to maintain a sense of 'playful curiosity' in anything you do. Ask questions, search for unexpected answers, tinker and take things apart, build things you love, test your ideas, and always approach

things with a sense of fun. I think these are invaluable skills for building successful LEGO Ideas submissions.

*Ivan Guerrero, LEGO® Ideas double competition winner and LEGO enthusiast*

## Rencontre avec le concepteur LEGO® Ideas amateur Ivan Guerrero

Quand nous étions enfants, jouer avec des briques LEGO® et des boîtes en carton nous permettait d'explorer les frontières de notre imagination. Ma fratrie et moi adorions trouver de nouvelles boîtes avec lesquelles jouer. Je crois que tout le monde a vécu cette expérience dans son enfance. Cet ensemble est inspiré de mes souvenirs d'enfance, de l'époque où je construisais des objets avec des boîtes en carton, qu'il s'agisse de trains, de dioramas, de robots ou de vaisseaux spatiaux. Partager mes souvenirs avec l'équipe LEGO et faire partie

du processus de conception a rendu cette expérience unique et spéciale, un peu comme si je partageais un vieil album de photos de famille avec tous ceux qui construisent cet ensemble. Dès mon plus jeune âge, j'adorais jouer avec des briques LEGO et découvrir

de nouvelles façons d'exprimer mes idées. Chaque construction m'apprend quelque chose de nouveau. Tout comme une boîte en carton vide, les briques LEGO® ont un potentiel infini. Il suffit d'ajouter une pincée d'imagination. Il n'est pas surprenant que les briques LEGO et les boîtes en carton soient reconnues par le National Toy Hall of Fame® (le temple de la renommée des jouets), pour leur éternelle adaptabilité au jeu créatif. Je crois qu'il est important de conserver une « curiosité ludique » dans tout ce que nous entreprenons. Posez des questions, cherchez des réponses surprenantes, bricolez et démontez des objets, construisez des objets que vous aimez, testez vos idées et abordez toujours les choses avec

enthousiasme. Je pense que ce sont des compétences inestimables pour soumettre des constructions LEGO Ideas réussies.

*Ivan Guerrero, gagnant du concours d'amateurs de LEGO® Ideas et passionné de LEGO*

## Conoce al fan diseñador de LEGO® Ideas: Ivan Guerrero

Cuando somos pequeños, jugar con cajas de cartón y bricks LEGO® nos permite viajar hasta las fronteras de nuestra imaginación. Mis hermanos y yo nos la pasábamos genial descubriendo nuevas cajas con las que inventar juegos. Debe de ser universal: creo que todos lo hicimos en nuestra niñez. Este set se inspira en mis propios recuerdos de infancia, en aquellos momentos en los que construía cosas con cajas de cartón, desde trenes y dioramas hasta robots y naves espaciales. Compartir todo lo que se me venía a la memoria con el equipo de

LEGO y formar parte del proceso de diseño se convirtió en una experiencia única y especial, casi como enseñar un viejo álbum familiar a todo el que construya este set.

Ya con muy poquitos años, me encantaba jugar con bricks LEGO, usar

mi imaginación y descubrir nuevas maneras de expresar mis ideas. Cada vez que construyo aprendo algo nuevo. Exactamente igual que una caja de cartón vacía, los bricks LEGO® traen de serie un potencial infinito. Solo tienes que aportar tu imaginación y tus ganas de divertirse. A nadie sorprende, por tanto, que los bricks LEGO y las cajas de cartón tengan su merecido lugar en el Salón Nacional de la Fama del Juguete estadounidense por su inagotable adaptabilidad para el juego creativo. Opino que es importante mantener un cierto sentido de "curiosidad lúdica" en todo lo que hagas. Preguntar, buscar respuestas inesperadas, desarmar objetos, hacerles pequeños ajustes, construir aquello que adoras, poner a prueba tus ideas y siempre enfocar

cualquier cosa con una actitud divertida. Creo que, en conjunto, son habilidades de valor incalculable a la hora de crear propuestas para LEGO Ideas que logren triunfar.

*Ivan Guerrero, ganador de dos concursos de LEGO® Ideas y entusiasta de LEGO*
