MANO INVISIBLE

STAR WARS

AÚN SEGUIMOS PILOTANDO LA NAVE ENTERA

"Estamos muy contentos de que este modelo llegue sano y salvo a nuestra Colección de Naves Estelares con motivo de las celebraciones del 25 aniversario de LEGO® Star Wars™. De todas las espectaculares escenas de acción estelar de la saga *Star Wars*, pocas pueden compararse con la destrucción de la descomunal nave del General Grievous, la *Mano Invisible*, en *La Venganza de los Sith*. Mientras los Jedi frustran su intento de

secuestrar al Canciller Supremo Palpatine y su nave se encuentra bajo un feroz ataque, Grievous lanza las cápsulas de escape para salvar su propio pellejo robótico, dejando que Anakin Skywalker y Obi-Wan Kenobi piloten lo que queda de ella hasta que consiguen realizar un monumental aterrizaje forzado en Coruscant. Este episodio pone de manifiesto las impresionantes habilidades de pilotaje (y del uso de la Fuerza) de Anakin.

¡Que disfrutes construyendo!".

Jens Kronvold Frederiksen
Coordinador creativo, LEGO® Star Wars™

UN ICÓNICO BUQUE INSIGNIA SEPARATISTA

Fabricado por el Cuerpo de Ingenieros Voluntarios de Dac Libre, el formidable carguero/destructor clase *Providencia* es el buque insignia del comandante del Ejército Droide Separatista, el General Grievous, y de su maestro, el Conde Dooku. Con 1088 m de longitud, 347 m de altura y 198 m de anchura, la *Mano Invisible*

tiene cabida sin problema para una tripulación de 600 personas, 1,5 millones de droides de combate y más de 400 vehículos de asalto terrestres. Cuando la batalla de Coruscant deja su casco y compartimentos críticos peligrosamente vulnerables, su reentrada en la atmósfera acaba provocando que la nave estelar se parta en dos.

ACCIONAR LA TRAMPA

El característico casco con forma de torpedo de la nave es bastante grueso y sólido, incluso para un destructor separatista. Solo viajan a bordo unos pocos pasajeros vivos, por lo que la necesidad de portales de visión es limitada, y un sensor dorsal y mástiles de comunicaciones permiten al General Grievous dirigir a su Ejército Droide desde el puente de mando. El diseño

tanto del interior como del exterior de este modelo incorpora detalles y características de gran autenticidad. El enorme hangar principal ocupa toda la anchura de la nave, y el modelo cuenta con paneles transparentes para que puedas apreciarlo por dentro y, tal vez, descubrir algunas sorpresas.

Estos dos ladrillos a escala 1:1 representan los interceptores Jedi Eta-2 clase Actis de Anakin Skywalker y Obi-Wan Kenobi después de romper los escudos de la *Mano Invisible* y aterrizar en el hangar.

18

Para resaltar la escala de este modelo, esta pieza marrón representa el transporte de tropas (MTT) que se ve al fondo en la escena del hangar de *La Venganza de los Sith*. ¡En cada uno de estos transportes caben más de cien droides de combate!
