WE'RE MAKING OUR PACKAGING MORE SUSTAINABLE

We're transitioning from single-use plastic to paper-based packaging. As we progress, you may find a mix of paper and plastic in our boxes.

NOUS RENDONS NOS EMBALLAGES PLUS DURABLES

Nous passons des emballages en plastique à usage unique aux emballages à base de papier. Durant la transition, vous pourriez trouver un mélange de papier et de plastique dans nos boîtes.

QUEREMOS HACER MÁS SUSTENTABLES NUESTROS MATERIALES DE EMBALAJE

Estamos cambiando las bolsas de plástico desechables por bolsas con base de papel. Conforme avanzamos en este propósito, puedes encontrar una mezcla de papel y de plástico en nuestras cajas.

A DESTROYER DROID WITH COLOSSAL POWER

2024 marks the 25th anniversary of *The Phantom Menace* – as well as the first LEGO® Star Wars™ sets! The saga and its fans always trigger our creative curiosity, and we're excited to present this new display model inspired by the movie.

We first encounter the droidekas when Obi-Wan Kenobi and Qui-Gon Jinn travel to Naboo to settle a trade dispute, and Lord Sidious orders Nute Gunray, Viceroy to the Trade Federation, to assassinate the two Jedi. After a brief showdown, in which the heavily armed droidekas' shield generators prove difficult for the Jedi to breach, the Jedi escape – only to discover that the trade dispute is part of a much grander, more sinister plan. And so, a new chapter of the saga begins.

Enjoy building!

UN DROÏDE DESTROYER D'UNE PUISSANCE COLOSSALE

L'année 2024 marque le 25^e anniversaire de *La Menace fantôme* – et des premiers ensembles LEGO® Star Wars™ ! La saga et ses amateurs piquent toujours notre curiosité créative, et nous sommes ravis de vous présenter ce nouveau modèle à exposer inspiré du film.

Nous rencontrons les droïdekas pour la première fois lorsque Obi-Wan Kenobi et Qui-Gon Jinn se rendent sur Naboo pour régler un différend commercial, et que Lord Sidious ordonne à Nute Gunray, vice-roi de la Fédération du commerce, d'assassiner les deux Jedi. Après un bref affrontement, au cours duquel les générateurs de bouclier des droïdekas s'avèrent difficiles à percer, les Jedi réussissent à s'échapper, avant de découvrir que le différend commercial fait partie d'un plan beaucoup plus complexe et sinistre. C'est ainsi que s'ouvre un nouveau chapitre de la saga.

Bonne construction !

Jens Kronvold Frederiksen
Directeur de la création, LEGO® Star Wars™

UN DROIDE DESTRUCTOR CON UN PODER COLOSAL

En 2024 se cumple el 25 aniversario de *La Amenaza Fantasma*, ¡y también de los primeros sets LEGO® Star Wars™! La saga y sus fans siempre despiertan nuestra curiosidad creativa, y por eso nos entusiasma presentar este nuevo modelo de exhibición inspirado en la película.

Nos encontramos por primera vez con los Droidekas cuando Obi-Wan Kenobi y Qui-Gon Jinn viajan a Naboo para resolver una disputa comercial y Lord Sidious ordena a Nute Gunray, virrey de la Federación de Comercio, que asesine a los dos Jedi. Luego de un breve enfrentamiento, nuestros héroes se dan cuenta que los generadores de escudo de los Droidekas son más difíciles de atravesar de lo que esperaban, lo que los obliga a buscar una forma de escapar. En su huida, descubren que la disputa comercial forma parte de un plan mucho más grande y siniestro. Y así es como comienza un nuevo capítulo de la saga.

¡Que disfrutes construyendo!

A handwritten signature in black ink, reading "Jens Frederiksen".

Jens Kronvold Frederiksen
Coordinador creativo, LEGO® Star Wars™

POPULAR WITH THE DARK SIDE

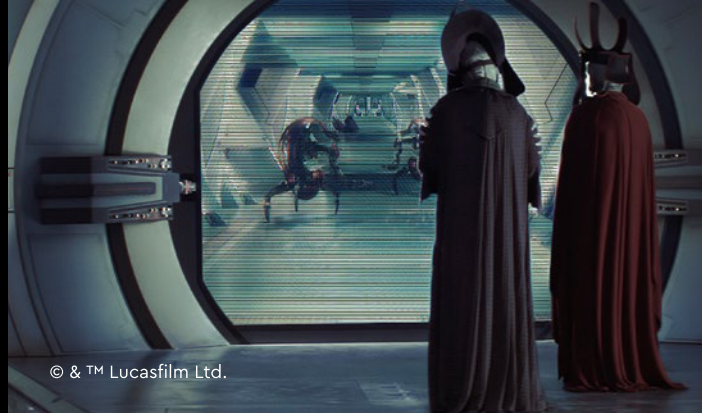

Manufactured by Colicoids, droideka destroyer droids are typically used by criminal organizations and large corporations. Designed to wreak absolute havoc on its targets, the droideka is used by the Confederacy of Independent Systems, and aboard the Trade Federation starships for enhanced security (and ground battles) as the Naboo trading blockade intensifies conflicts. A built-in shield generator makes the droideka nearly invincible, even for the Jedi.

POPULAIRES AUPRÈS DU CÔTÉ OBSCUR

Fabriqués par les Colicoïds, les droïdes destroyers droïdekas sont généralement utilisés par les organisations criminelles et les grandes entreprises. Conçus pour dévaster leurs cibles, les droïdekas sont utilisés par la Confédération des Systèmes Indépendants ainsi qu'à bord des vaisseaux de la Fédération du commerce pour renforcer la sécurité (et la puissance de frappe au sol) alors que le blocus commercial de Naboo intensifie les conflits. Un générateur de bouclier intégré rend les droïdekas presque invincibles, même pour les Jedi.

POPULAR ENTRE LOS SEGUIDORES DEL LADO OSCURO

Fabricado por Colicoids, el Droideka suele ser el droide destructor de primera elección de organizaciones criminales y grandes corporaciones. Diseñado para causar estragos en sus objetivos con total eficacia, es utilizado por la Confederación de Sistemas Independientes y a bordo de las naves estelares de la Federación de Comercio para reforzar la seguridad (y brindar apoyo en batallas terrestres) a medida que el bloqueo comercial de Naboo intensifica los conflictos. El generador de escudo que lleva integrado hace que el Droideka sea casi invencible, incluso frente a oponentes tan hábiles como los Jedi.

DESIGNED FOR DISPLAY

The droid moves steadily but slowly on its legs, and swiftly rolls into a ball when it needs to move fast. This model replicates the insect-like design and characteristic functions of the droideka: The arms and shoulders move to mimic its motion when the built-in twin energy blasters are fired.

You can also display the model in its ball shape. Simply fold in the arms, torso and head, remove the three legs, and reattach them upside down to fold them in. (Disclaimer: The model does not come with a compact deflector shield.)

CONÇU POUR ÊTRE EXPOSÉ

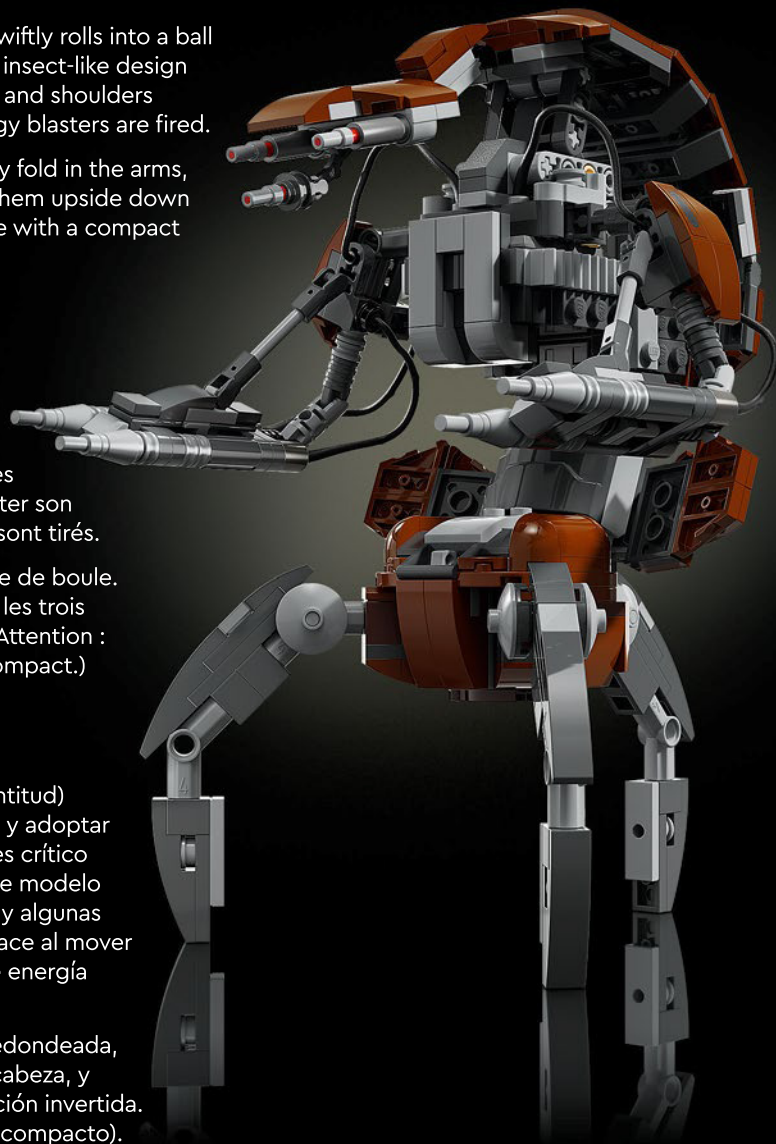

Le droïde se déplace lentement mais sûrement sur ses jambes, et se roule vite en boule lorsqu'il doit se déplacer rapidement. Ce modèle reproduit l'apparence insectoïde et les fonctions caractéristiques du droïdeka : les bras et les épaules bougent pour imiter son mouvement lorsque les deux canons blaster intégrés sont tirés.

Vous pouvez également exposer le modèle sous forme de boule. Il suffit de replier les bras, le torse et la tête, de retirer les trois jambes et de les rattacher à l'envers pour les replier. (Attention : le modèle ne comprend pas de bouclier déflecteur compact.)

DISEÑO PARA EXHIBIRSE

El droide avanza confiablemente (si bien con cierta lentitud) sobre sus patas, pero puede retraer sus extremidades y adoptar una forma casi esférica cuando moverse con rapidez es crítico para el cumplimiento de su misión o su seguridad. Este modelo reproduce al detalle el diseño semejante a un insecto y algunas funciones características del Droideka, como lo que hace al mover los brazos y los hombros para disparar los cañones de energía gemelos que lleva integrados.

También puedes exhibir el modelo en su forma más redondeada, para lo cual basta con plegar los brazos, el torso y la cabeza, y retirar las tres patas para colocarlas de nuevo en posición invertida. (Aclaración: El modelo no incluye el escudo deflector compacto).
